**DT Software Developer (FWS Eligible)**
Student Worker IV
43390BR

**Job Description**

Decision Theater is seeking a **DT Software Developer**.

At Decision Theater we work with cutting edge technology and a diverse team of people. Decision Theater delivers web-based interactive models that help decision makers make informed decisions (on topics ranging from education to water resiliency).

We work with visualization libraries such as D3, echarts and many others to visualize data and create interactive multi-screen dashboards using our own web-based framework called chainbuilder.

We also create single-screen web applications destined for public or private use using other frameworks like Django, Laravel and many others.
